Danny the Champion of the World - Big Ben Club

with a chimney that went up through the roof, and this kept us warm in winter There was a paraffin burner on which to boil a kettle or cook a stew, and there was a paraffin lamp hanging from the ceiling When I needed a bath, my father would heat a kettle of water and pour it into a basin Then he would strip me naked and scrub me all over, standing up This, I think, got me just as clean as

The Birds by Daphne du Maurier - Mr. Smith's English Class

wind in the chimney Not the storm and bluster of a sou’westerly gale, bringing the rain, but east wind, cold and dry It sounded hollow in the chimney, and a loose slate rattled on the roof Nat listened, and he could hear the sea roaring in the bay Even the air in the small bedroom had turned chill: A draft came under the skirting of the door, blowing upon the bed Nat drew the blanket

The Soldiers Night Before Christmas

I had come down the chimney with presents to give And to see just who in this home did live I looked all about a strange sight I did see, No tinsel, no presents, not even a tree No stocking by the fire, just boots filled with sand, On the wall hung pictures of far distant lands With medals and badges, awards of all kind A sober thought came through my mind For this house was different

Building Survey

RICS is the world’s leading qualification when it comes to professional standards in land, property and construction In a world where more and more people, governments, banks and commercial organisations demand greater certainty of professional standards and ethics, attaining RICS status is the recognised mark of property professionalism Over 100,000 property professionals working in the

Rocket Stove Design Guide - BioEnergy Lists

rocket chimney is the vertical part of the combustion chamber) If it was 115 then the Rocket chimney would be 172 Again these are ideals that might not be practical in the real world In class we used 115:135 When deciding on the height of the combustion chamber, remember: Taller elbows produce less smoke but are slightly less efficient - due to the greater distance between the pot and the

Personal Weather Station - Siting

Chimney mounts designed for antennas can be purchased in most home improvement and electronics stores While this is likely below 10 metres AGL, this is a good compromise height that is low-impact (no holes drilled) and aesthetically not distracting (no cable stays) This station (Davis Vantage Pro 2?) uses an optional wireless transmitter kit for the anemometer, allowing the anemometer to be
