Encyclopedia of American Radio, 1920-1960 Luther F. Sies,2000 This encyclopedic work comprehensively covers the performers and programming on American radio from its inception to its golden age. Extensively researched over the course of more than twenty years, this new work is the definitive source for scholars of communication, social and cultural history and the popular arts, as well as devoted fans of radio history. The encyclopedia includes entries for programs, announcers, orchestras, musicians, vocalists, comedians, vocal groups, readers, whistlers, musical saw soloists, ministers, sports commentators, reviewers (of books, plays and movies), celebrities, and other personnel broadcasting over American radio from the 1920s to the 1960s. Additional entries cover commercial radio, educational broadcasting, firsts in radio history,

opera on radio, religious broadcasting, sports broadcasting, women in radio, border radio, children's programs, comedy on radio, crime shows and mysteries, daytime dramatic serials, and disk jockeys, among other topics.

A Sociology of Prayer Giuseppe Giordan,Linda Woodhead,2017-05-15 Prayer is a central aspect of religion. Even amongst those who have abandoned organized religion levels of prayer remain high. Yet the most basic questions remain unaddressed: What exactly is prayer? How does it vary? Why do people pray and in what situations and settings? Does prayer imply a god, and if so, what sort? A Sociology of Prayer addresses these fundamental questions and opens up important new debates. Drawing from religion, sociology of religion, anthropology, and historical perspectives, the contributors focus on prayer as a social as well as a personal matter and situate prayer in the conditions of complex late modern societies worldwide. Presenting fresh empirical data in relation to original theorising, the volume also examines the material aspects of prayer, including the objects, bodies, symbols, and spaces with which it may be integrally connected.

Qelong Lamentations of the Flame Princess,2017-07 Two barely conceivable beings have fought a war for a generation over Sajavedra, a barely legendary land far to the southeast. They wish to claim its rich harvests of souls and fields, its intricate networks of ley lines and temples, for their own.They have devastated it utterly. A forgotten weapon in their war, a neglected sorcery fallen from a distracted archons attention, lies in the Qelong River valley at the edge of this near-cosmic battlefield. Qelong is Kenneth Hites hellish southeast Asian setting inspired by fantasy quest drama and war stories like Valhalla Rising, Apocalypse Now, and The Good, the Bad, and the Ugly. Suitable for character levels 4-6, usable with LotFP

Weird Fantasy Role-Playing and other traditional role-playing games.

Functional Polymer Solutions and Gels- Florian J. Stadler, Bing Du, 2020 “Functional Polymer Solutions and Gels-- Physics and Novel Applications” contains a broad range of articles in this vast field of polymer and soft matter science. It shows insight into the field by highlighting how sticky (non-covalent) chemical bonds can assemble a seemingly water-like liquid into a gel, how ionic liquids influence the gelation behavior of poly(N-Isopropylacrylamide) as well as how the molecular composition of functional copolymers is reflected in the temperature-responsiveness. These physics were augmented by theoretical works on drag-reduction. Also, drug-release - an improved control of how fast or dependent on an external factor - and antibacterial properties were the topic of several works. Biomedical applications on how cell growth can be influenced and how vessels in biological systems, e.g., blood vessels, can be improved by functional polymers were complemented with papers on tomography by using gels. On totally different lines, also the topic of how asphalt can be improved and how functional polymers can be used for the enrichment and removal of substances. These different papers are a good representation of the whole area of functional polymers.
