The Red Jews: Antisemitism in an Apocalyptic Age, 1200-1600 Andrew Colin Gow,2021-10-11 This book is the history of an imaginary people — the Red Jews — in vernacular sources from medieval and early modern Germany. From the twelfth to the seventeenth century, German-language texts repeated and embroidered on an antisemitic tale concerning an epochal threat to Christianity, the Red Jews. This term, which expresses a medieval conflation of three separate traditions (the biblical destroyers Gog and Magog, the 'unclean peoples' enclosed by Alexander, and the Ten Lost Tribes of Israel), is a hostile designation of wickedness. The Red Jews played a major role in late medieval popular exegesis and literature, and appeared in a hitherto-unnoticed series of sixteenth-century pamphlets, in which they functioned as the medieval 'spectacles' through which contemporaries viewed such events as Turkish advances in the Near and Middle East. The Red Jews disappear from the sources after 1600, and consequently never found their way into historical scholarship.

A Sociology of Prayer Giuseppe Giordan,Linda Woodhead,2017-05-15 Prayer is a central aspect of religion. Even amongst those who have abandoned organized religion levels of prayer remain high. Yet the most basic questions remain unaddressed: What exactly is prayer? How does it vary? Why do people pray and in what situations and settings? Does prayer imply a god, and if so, what sort? A Sociology of Prayer addresses these fundamental questions and opens up important new debates. Drawing from religion, sociology of religion, anthropology, and historical perspectives, the contributors focus on prayer as a social as well as a personal matter and situate prayer in the conditions of complex late modern societies worldwide. Presenting fresh empirical data in relation to original theorising, the volume also examines the material aspects of prayer, including the objects, bodies, symbols, and spaces with which it may be integrally connected.
