Federal Inland Revenue Service and Taxation Reforms in Democratic Nigeria Ifueko Omoigui Okauru, 2012 In line with the federal structure of the Nigerian State, tax administration in the country is multi-tiered. The Federal Inland Revenue Service is responsible for assessing, collecting and accounting for tax and other revenues accruing to the Federal Government. The States Boards of Internal Revenue and the Local Government Revenue Committees perform similar functions at the State and Local Government levels respectively. This book attempts to chronicle the changes that have been taking place within the Federal Inland Revenue Service since 2004 and how these activities have contributed to the reforms in the Nigerian tax system. Chapters include tax policy, tax legislation, judicial processes, modernisation, compliance and enforcement, taxpayer services and delivery standard, entrenching a strong ethical code, capacity building, asset management, security and safety management, cooperation and collaboration, international involvement, and tax treaty network and transfer pricing.

Defence Policy of Nigeria: Capability and Context Charles Quarker Dokubo, Celestine Oyom Bassey, 2011-01-20 This Reader provides a structurally coherent explanation and review of the magnified role conception and organizational task expansion for the Nigerian military establishment in foreign policy. It argues essentially that one of the most problematic and intractable areas of public policy in Nigeria since the Civil War concerns the development of a professional defence establishment adequate to meet the challenges arising from the altered parameters of our security environment. The correction of this condition is the primary motivation of the Armed Forces modernization and augmentation program that touches upon all elements of Nigeria's military power. This Reader is at once a review and a critique of the major facets of this modernization and augmentation process of the Nigerian armed forces within the operative context of the changing dimension of threat perception and the strategic parameters that have guided Nigerian military planning since the Civil War in 1970.

The Nigerian Healthcare System Joseph Abiodun Balogun, 2022-01-28
The modern-day practice of health care was imported into Nigeria over 500 years ago. In 1947, the first national health plan was developed in Nigeria with the primary goal of providing universal health care (UHC), but this goal remains elusive to date. This comprehensive book presents the roadmap needed to attain UHC in Nigeria and offers a blueprint for achieving high-quality health care in the nation. Starting with a brief overview of the Nigerian state, the fundamentals of health care, including the challenges to affordable quality healthcare delivery, the author critically examines the healthcare system in Nigeria and offers specific recommendations to invigorate the system and improve interprofessional collaborations. Each chapter includes case studies to allow readers to contextualize the information presented and behavioral learning objectives to test readers' knowledge. Among the topics covered: The Organizational Structure and Leadership of the Nigerian Healthcare System The Vulnerabilities of the Nigerian Healthcare System The Spectrum of Complementary and Alternative Medicine Emerging Developments in Traditional Medicine Practice in Nigeria The Plight of Persons Living with Disabilities: The Visible Invisibles in Nigeria A Comparative Analysis of the Health System of Nigeria and Six Selected Nations Around the World A Qualitative Investigation of the Barriers to the Delivery of High-Quality Healthcare Services in Nigeria The Political and Economic Reforms Needed to Achieve Universal and High-Quality Health Care in Nigeria Reimagining the Nigerian Healthcare System to Achieve

Universal and High-Quality Health Care by 2030 The Nigerian Healthcare System: Pathway to Universal and High-Quality Health Care is ideal for adoption as a textbook in health services administration, health policy and management, health informatics, healthcare delivery systems, and primary health care courses offered at universities in Nigeria. It also would appeal to students and faculty in African diaspora programs internationally. The book is also essential for policymakers, health systems technocrats, researchers, and professionals in various health disciplines, including medicine, nursing, and allied health.

Theory and Practice of Public Administration and Civil Service Reforms in Nigeria Tunji Olaopa, 2008 This book provides a comprehensive insight into the origin and evolution as well as the various phases of growth and decline of the Nigerian civil service; the nature and problems of past and current reforms; and an agenda of action to reposition it as a professional service. This is presented with the backdrop of an extensive exploration of the main theoretical issues and concepts in the field of public administration.

Reimagining Nigeria's Educational System Joseph A. Balogun, 2023-09-20 This book assesses the challenges within the Nigerian educational system and provides a concrete plan to revitalize the low-performing system by strengthening high-stakes testing at all levels. In Nigeria, many citizens believe that the solution to the country's low performance in education is to eliminate high-stakes standardized testing. High-stakes testing refers to applying standardized student achievement tests as a primary mechanism to evaluate students, teachers, and their school's performance. This book argues that the poor quality of education and low ranking of Nigeria's educational system is not related to the negative consequences of high-stakes testing, but rather is due to many intrinsic factors. By conducting a comparative analysis of six high-performing education systems worldwide, the book offers a comparative summative evaluation of the educational system and offers recommendations. This book will be of interest to policymakers and scholars in the fields of African education, higher education, quality and global studies, African studies, management and administration, leadership, and professional development studies. Joseph Abiodun Balogun is former Dean and retired Distinguished University Professor at the College of Health Sciences, Chicago State University, USA, Visiting Professor/Program Consultant at the Centre of Excellence in Reproductive Health Innovation, University of Benin, Nigeria, and President/ CEO, Joseph Rehabilitation Center, Tinley Park, Illinois, USA.
