Exploring Digital Communication Caroline Tagg, 2015-04-10 Routledge Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in Applied Linguistics, primarily designed for those beginning postgraduate studies or taking an introductory MA course, as well as advanced undergraduates. Titles in the series are also ideal for language professionals returning to academic study. The books take an innovative 'practice to theory' approach, with a 'back-to-front' structure. This leads the reader from real-world problems and issues, through a discussion of intervention and how to engage with these concerns, before finally relating these practical issues to theoretical foundations. Exploring Digital Communication aims to discuss real-world issues pertaining to digital communication, and to explore how linguistic research addresses these challenges. The text is divided into three sections (Problems and practices; Interventions; and Theory), each of which is further divided into two subsections which reflect linguistic issues relating to digital communication. The author seeks to demystify any perceived divide between online and offline communication, arguing that issues raised in relation to digital communication throw light on language use and practices in general, and thus linguistic interventions in this area have implications not only for users of digital communication but for linguists' general understanding of language and society. Including relevant research examples, tasks and a glossary, this textbook is an invaluable resource for postgraduate and upper undergraduate students taking New Media or Communication Studies modules within Applied Linguistics and English Language courses.

Atlas of Languages of Intercultural Communication in the Pacific, Asia, and the Americas Stephen A. Wurm, Peter Mühlhäusler, Darrell T. Tryon, 2011-02-11 "An absolutely unique work in linguistics publishing - full of beautiful maps and authoritative accounts of well-known and little-known language encounters. Essential reading (and map-viewing) for students of language contact with a global perspective." Prof. Dr. Martin Haspelmath, Max-Planck-Institut für Evolutionäre Anthropologie The two text volumes cover a large geographical area, including Australia, New Zealand, Melanesia, South - East Asia (Insular and Continental), Oceania, the Philippines, Taiwan, Korea, Mongolia, Central Asia, the Caucasus Area, Siberia, Arctic Areas, Canada, Northwest Coast and Alaska, United States Area, Mexico, Central America, and South America. The Atlas is a detailed, far-reaching handbook of fundamental importance, dealing with a large number of diverse fields of knowledge, with the reported facts based on sound scholarly research and scientific findings, but presented in a

form intelligible to non-specialists and educated lay persons in general.

The Jacquerie of 1358 Justine Firnhaber-Baker,2021 The Jacquerie of 1358 is one of the most famous and mysterious peasant uprisings of the Middle Ages. This book, the first extended study of the Jacquerie in over a century, resolves long-standing controversies about whether the revolt was just an irrational explosion of peasant hatred or simply an extension of the Parisian revolt.

Icelandic Studies on Diversity and Social Justice in Education Samúel Lefever,Hanna Ragnarsdóttir,2019-01-18 The educational systems of the Nordic countries are based on a common set of fundamental values, such as democracy, social justice and inclusion. However, when it comes to the treatment of diversity, especially in education, many issues remain unresolved. This edited volume presents Icelandic research on the challenges and opportunities of diversity in education at several levels, including preschool, primary, secondary, vocational and higher education in Iceland. The chapters shed light on school experiences of students and parents of immigrant or refugee background and their teachers, and explore attitudes and values of young people with regards to diversity, human rights and multicultural society. This book also addresses the issues of the professional development of teachers and inclusive practices, and will primarily appeal to classroom teachers and academics, teacher education students, social educators, and education policy makers. While set in the Icelandic context, this volume will serve to contribute to current global discussions on diversity and social justice in education.

One Day Ardashir Vakil,2004 One day. Two lives . . . Like any other couple, Ben and Priya have their ups and downs, try to do the best they can. Their son, Whacka, is three today and they've a party to organize, jobs to go to and an eight-year marriage to dissect. As they fight, talk, love and struggle through this one vital day, fiery Priya and sensible Ben rake over their life together, trying to discover where exactly it all went wrong. Was there a single moment that altered the course of their lives? And is so, can one day save a marriage?

Handbook of School Mental Health Steven W. Evans,Julie Sarno Owens,Catherine P. Bradshaw,Mark D. Weist,2023-02-28 The handbook provides thoughtful and provocative critiques of the science and practice of school mental health. It examines intervention science and implementation science and the study of professional development and stakeholder engagement. The volume outlines the relevant issues facing the field of school mental health and provides a framework for the areas of study. Chapters critique the science in a specific area, draw innovative connections between findings, and present new information about their area of expertise. This handbook provides a concise and critical update of the literature in school mental health and is an essential resource for those from the wide range of disciplines that constitute the science and practice of school mental health. Key topics featured include: Promoting meaningful engagement and leadership in school mental health by diverse stakeholders. Training, coaching, and workforce development in school mental health. Intervention science for children with specific needs (e.g., anxiety, depression, trauma, autism). Innovations in scaling-up and Implementation science, focusing on such topics as multitiered systems of support and scaleup of positive behavior support strategies. The handbook is an essential reference for researchers, graduate students, and other professionals in child and school psychology, special and general education, public health, school nursing, occupational therapy, psychiatry, social work and counseling, educational policy, and family advocacy.

The First Sourcebook on Nordic Research in Mathematics Education Bharath Sriraman,Simon Goodchild,Christer Bergsten,Gudbjorg Palsdottir,Lenni Haapasalo,Bettina Dahl Søndergaard,2010-09-01 The First Sourcebook on Nordic Research in Mathematics Education: Norway, Sweden, Iceland, Denmark and contributions from Finland provides the first comprehensive and unified treatment of historical and contemporary research trends in mathematics education in the Nordic world. The book is organized in sections co-ordinated by active researchers in mathematics education in Norway, Sweden,

Iceland, Denmark, and Finland. The purpose of this sourcebook is to synthesize and survey the established body of research in these countries with findings that have influenced ongoing research agendas, informed practice, framed curricula and policy. The sections for each country also include historical articles in addition to exemplary examples of recently conducted research oriented towards the future. The book will serve as a standard reference for mathematics education researchers, policy makers, practitioners and students both in and outside the Nordic countries.

Rhetorical Criticism Jim A. Kuypers, 2021-07-19 Covering a broad range of rhetorical perspectives, *Rhetorical Criticism: Perspectives in Action*, third edition presents a well-grounded introduction to the basics of rhetorical criticism and theory in an accessible manner for advanced undergraduate courses and introductory graduate courses. Throughout the text, sample essays written by noted experts in the field provide students with models for writing their own criticisms. In addition to covering traditional modes of rhetorical criticism, the book introduces less commonly discussed rhetorical perspectives as well as orientations toward performing criticisms including close-textual analysis, critical approaches, and analysis of visual and digital rhetoric. The third edition includes the following features: New chapters on visual rhetoric and digital rhetoric Potentials and Pitfalls sections analyzing individual perspectives Activities and discussion questions in each chapter Glossary of important terms

Testing and Assessment in Translation and Interpreting Studies Claudia V. Angelelli, Holly E. Jacobson, 2009 *Testing and Assessment in Translation and Interpreting Studies* examines issues of measurement that are essential to translation and interpreting. Conceptualizing testing both as a process and a product, the collection of papers explores these issues across languages and settings (including university classrooms, research projects, the private sector, and professional associations). The authors have approached their chapters from different perspectives using a variety of methods, some focusing on very specific variables, and others providing a much broader overview of the issues at hand. Chapters range from a discussion of the measurement of text cohesion in translation; the measurement of interactional competence in interpreting; the use of a particular scale to measure interpreters' renditions to the application of a specific approach to grading or general program assessment (such as interpreter or translator certification at the national level or program admissions processes). These studies point to the need for greater integration of research and practice in the specific area of testing and assessment and are a welcome addition to the field.

Organizational Communication Dennis K. Mumby, 2012-08-02 *Organizational Communication: A Critical Approach* is the first textbook in the field that is written from a critical perspective while providing a comprehensive survey of theory and research in organizational communication. The text familiarizes students with the field of organizational communication—historically, conceptually, and practically—and challenges them to reconsider their common sense

understandings of work and organizations, preparing them for participation in 21st century organizational settings. Linking theory with practice, Mumby skillfully explores the significant role played by organizations and corporations in constructing our identities. The book thus provides important ways for students to critically reflect on their own relationships to work, consumption, and organizations.
