**Twitter API: Up and Running** Kevin Makice, 2009-03-17 This groundbreaking book provides you with the skills and resources necessary to build web applications for Twitter. Perfect for new and casual programmers intrigued by the world of microblogging, Twitter API: Up and Running carefully explains how each part of Twitter's API works, with detailed examples that show you how to assemble those building blocks into practical and fun web applications. You'll also get a complete look at Twitter culture and learn how it has inspired programmers to build hundreds of tools and applications. With this book, you will: Explore every component of a Twitter application and learn how the API responds Get the PHP and MySQL code necessary to build your own applications, with explanations of how these ingredients work Learn from real-world Twitter applications created just for this book Discover the most interesting and useful Twitter programs--and get ideas for creating your own--with the book's Twitter application directory Twitter offers a new way to connect with people on the Internet, and Twitter API: Up and Running takes you right to the heart of this technology. Twitter API: Up and Running is a friendly, accessible introduction to the Twitter API. Even beginning web developers can have a working Twitter project before they know it. Sit down with this for a weekend and you're on your way to Twitter API mastery.--Alex Payne, Twitter API Lead Twitter API: Up and Running is a very comprehensive and useful resource--any developer will feel the urge to code a Twitter-related application right after finishing the book!--The Lollicode team, creators of Twitscoop

*ReactJS Blueprints* Sven Anders Robbestad, 2016-05-31 Create powerful applications with ReactJS, the most popular platform for web developers today About This Book- Create web apps with the most popular JavaScript library in the world- Learn how to speed up your development process and save valuable time- Work through step-by-step tutorials that provide easy-to-understand solutions to real-world problems Who This Book Is For This book is for those who want to develop applications with ReactJS. With its wide variety of topics, it caters both to the inexperienced developer as well as to the advanced, and it doesn't require any prior experience with ReactJS. What You Will Learn- Create a development environment that speeds up your development process- Find out about responsive web development and create apps that can be used on

any device- Effortlessly connect to public and private APIs- Create efficient components that are easily testable and small enough to completely understand- Understand what data flow means in ReactJS and why you never need to worry about where data changes originate- Create universal apps that run on the browser as well as on the server- Work with modern front-end tooling and level up your skills- Train yourself to think in terms of ReactJS

**In Detail**The JavaScript revolution has landed! ReactJS is one of those rare technologies that comes out of nowhere and turns established practices on their head. It provides a different way of thinking about how you should develop your apps, and has already gained a massive adoption among web developers. Join the revolution, build web apps faster, and have more fun developing!

**Packed with real-world code**, this book starts by covering the idea behind ReactJS and the key concepts you must familiarize yourself with. You will learn how to bootstrap your ReactJS projects and you'll also be provided with a handy scaffolding that you can use and reuse over and over.

We then go on to cover a wide variety of apps, and will help you to structure and build your own components. Next, you will build a web shop, create a fully responsive and routable app, and also develop a real-time search app. Further on, you will be taught to work with public APIs to create a map-based application. You will also be taken through some advanced concepts such as Redux that are making a huge splash currently in the world of ReactJS. You'll learn how to efficiently seal off your app for guest access, interact with hardware APIs, and create a photo app. You will then master the art of making your apps universal, and find out how to deploy them to the cloud. Finally, we wrap up the book as you are shown how to make a game. What better way to kick off your ReactJS development journey?

**Style and approach**This is an easy-to-follow guide full of real-world ReactJS applications. Each chapter is self-contained, and every code example is explained in detail.

Practical JavaScript, DOM Scripting and Ajax Projects Frank Zammetti, 2007-09-08 This learn by example book offers 10 complete JavaScript projects that will save web developers countless hours of development time. These projects can serve as samples to learn from and/or be adapted for use in other projects. The 10 projects all address common needs in modern web applications, including a utility library, a validation framework, a GUI widget framework, a dynamic event calendar application, a drag and drop shopping cart, and more! Coverage details JavaScript best practices, Ajax techniques, and some of the most popular JavaScript libraries, such as Prototype, Script.aculo.us, and the Yahoo YUI library.

Enemy Women Paulette Jiles,2009-03-17 For the Colleys of southeastern Missouri, the War between the States is a plague that threatens devastation, despite the family's avowed neutrality. For eighteen-year-old Adair Colley, it is a nightmare that tears apart her family and forces her and her sisters to flee. The treachery of a fellow traveler, however, brings about her arrest, and she is caged with the criminal and deranged in a filthy women's prison. But young Adair finds that love can live even in a place of horror and despair. Her interrogator, a Union major, falls in love with her and vows to return for her when the fighting is over. Before he leaves for battle, he bestows upon her a precious gift: freedom. Now an escaped enemy woman, Adair must make her harrowing way south buoyed by a promise . . . seeking a home and a family that may be nothing more than a memory.

**Economic Risks of Climate Change** Trevor Houser,Solomon Hsiang,Robert Kopp,Kate Larsen,Michael Delgado,Amir Jina,Michael Mastrandrea,Shashank Mohan,Robert Muir-Wood,D. J. Rasmussen,James Rising,Paul Wilson,2015-08-18 Climate change threatens the economy of the United States in myriad ways, including increased flooding and storm damage, altered

crop yields, lost labor productivity, higher crime, reshaped public-health patterns, and strained energy systems, among many other effects. Combining the latest climate models, state-of-the-art econometric research on human responses to climate, and cutting-edge private-sector risk-assessment tools, *Economic Risks of Climate Change: An American Prospectus* crafts a game-changing profile of the economic risks of climate change in the United States. This prospectus is based on a critically acclaimed independent assessment of the economic risks posed by climate change commissioned by the Risky Business Project. With new contributions from Karen Fisher-Vanden, Michael Greenstone, Geoffrey Heal, Michael Oppenheimer, and Nicholas Stern and Bob Ward, as well as a foreword from Risky Business cochairs Michael Bloomberg, Henry Paulson, and Thomas Steyer, the book speaks to scientists, researchers, scholars, activists, and policy makers. It depicts the distribution of escalating climate-change risk across the country and assesses its effects on aspects of the economy as varied as hurricane damages and violent crime. Beautifully illustrated and accessibly written, this book is an essential tool for helping businesses and governments prepare for the future.

*The White Shadow* Andrea Eames, 2012 Tinashe is a young Shona boy living in a small village in rural Rhodesia. The guerilla war of the late 1960s haunts the bushlands, but it only infrequently affects his quiet life; school, swimming in the river, playing with the other kids on the kopje. When his younger sister, Hazvinei, is born, Tinashe knows at once that there is something special about her. Their life in the village, once disturbed only by the occasional visits of his successful uncle and city cousin, Abel, now becomes entangled with the dual forces of the Shona spirit world and the political turmoil of the nation. As Tinashe, Hazvinei and Abel grow older, their destinies entangle in ways they never expected. Tinashe is prepared to follow his sister anywhere - but how far can he go to keep her safe when the forces threatening her are so much darker and more sinister than he suspected? Andrea Eames weaves together folklore and suspense in this compelling tale of a boy struggling to do the right thing in an unpredictable world.

**The UN Guiding Principles on Business and Human Rights** Radu Mares, 2011-12-09 Ruggie's reports with a special emphasis on regulatory and governance issues surrounding corporate responsibility. How does international human rights law handle corporations? Are we beginning to grasp the complexities and impacts of financial markets on human rights? What kind of corporate due diligence can make supply chains more socially sustainable? Why should parent companies act when their affiliates infringe rights? What is the potential of national human rights institutions in the area of business and human rights? What is the role of states and law in the social change process promoted by the corporate responsibility movement? How do we 'orchestrate' polycentric governance regimes to ensure respect for human rights?
