**ReactJS Blueprints** Sven Anders Robbestad, 2016-05-31 Create powerful applications with ReactJS, the most popular platform for web developers today About This Book- Create web apps with the most popular JavaScript library in the world- Learn how to speed up your development process and save valuable time- Work through step-by-step tutorials that provide easy-to-understand solutions to real-world problems Who This Book Is For This book is for those who want to develop applications with ReactJS. With its wide variety of topics, it caters both to the inexperienced developer as well as to the advanced, and it doesn't require any prior experience with ReactJS. What You Will Learn- Create a development environment that speeds up your development process- Find out about responsive web development and create apps that can be used on any device- Effortlessly connect to public and private APIs- Create efficient components that are easily testable and small enough to completely understand- Understand what data flow means in ReactJS and why you never need to worry about where data changes originate- Create universal apps that run on the browser as well as on the server- Work with modern front-end tooling and level up your skills- Train yourself to think in terms of ReactJS In Detail The JavaScript revolution has landed! ReactJS is one of those rare technologies that comes out of nowhere and turns established practices on their head. It provides a different way of thinking about how you should develop your apps, and has already gained a massive adoption among web developers. Join the revolution, build web apps faster, and have more fun developing! Packed with real-world code, this book starts by covering the idea behind ReactJS and the key concepts you must familiarize yourself with. You will learn how to bootstrap your ReactJS projects and you'll also be provided with a handy scaffolding that you can use and reuse over and over. We then go on to cover a wide variety of apps, and will help you to structure and build your own components. Next, you will build a web shop, create a fully responsive and routable app, and also develop a real-time search app. Further on, you will be taught to work with public APIs to create a map-based application. You will also be taken through some advanced concepts such as Redux that are making a huge splash currently in the world of ReactJS. You'll learn how to efficiently seal off your app for guest access, interact with hardware APIs, and create a photo app. You will then master the art of making your apps universal, and find out how to deploy them to the cloud. Finally, we wrap up the book as you are shown how to make a game. What better way to kick off your ReactJS development journey? Style and approach This is an easy-to-follow guide full of real-world ReactJS applications. Each chapter is self-contained, and every code example is

explained in detail.

*Enemy Women* Paulette Jiles,2009-03-17 For the Colleys of southeastern Missouri, the War between the States is a plague that threatens devastation, despite the family's avowed neutrality. For eighteen-year-old Adair Colley, it is a nightmare that tears apart her family and forces her and her sisters to flee. The treachery of a fellow traveler, however, brings about her arrest, and she is caged with the criminal and deranged in a filthy women's prison. But young Adair finds that love can live even in a place of horror and despair. Her interrogator, a Union major, falls in love with her and vows to return for her when the fighting is over. Before he leaves for battle, he bestows upon her a precious gift: freedom. Now an escaped enemy woman, Adair must make her harrowing way south buoyed by a promise . . . seeking a home and a family that may be nothing more than a memory.

The White Shadow Andrea Eames,2012 Tinashe is a young Shona boy living in a small village in rural Rhodesia. The guerilla war of the late 1960s haunts the bushlands, but it only infrequently affects his quiet life; school, swimming in the river, playing with the other kids on the kopje. When his younger sister, Hazvinei, is born, Tinashe knows at once that there is something special about her. Their life in the village, once disturbed only by the occasional visits of his successful uncle and city cousin, Abel, now becomes entangled with the dual forces of the Shona spirit world and the political turmoil of the nation. As Tinashe, Hazvinei and Abel grow older, their destinies entangle in ways they never expected. Tinashe is prepared to follow his sister anywhere - but how far can he go to keep her safe when the forces threatening her are so much darker and more sinister than he suspected?Andrea Eames weaves together folklore and suspense in this compelling tale of a boy struggling to do the right thing in an unpredictable world.

*101 Life Skills Games for Children* Bernie Badegruber,2011-01-01 How do you teach tolerance, self-awareness, and responsibility? How can you help children deal with fear, mistrust, or aggression? Play a game with them! Games are an ideal way to help children develop social and emotional skills; they are exciting, relaxing, and fun. 101 LIFE SKILLS GAMES FOR CHILDREN: LEARNING, GROWING, GETTING ALONG (Ages 6-12) is a resource that can help children understand and deal with problems that arise in daily interactions with other children and adults. These games help children develop social and

emotional skills and enhance self-awareness. The games address the following issues: dependence, aggression, fear, resentment, disability, accusations, boasting, honesty, flexibility, patience, secrets, conscience, inhibitions, stereotypes, noise, lying, performance, closeness, weaknesses, self confidence, fun, reassurance, love, respect, integrating a new classmate, group conflict. Organized in three main chapters: (I-Games, You-Games and We-Games), the book is well structured and easily accessible. It specifies an objective for every game, gives step-by-step instructions, and offers questions for reflection. It provides possible variations for each game, examples, tips, and ideas for role plays. Each game contains references to appropriate follow-up games and is illustrated with charming drawings.

*The UN Guiding Principles on Business and Human Rights* Radu Mares, 2011-12-09 Ruggie's reports with a special emphasis on regulatory and governance issues surrounding corporate responsibility. How does international human rights law handle corporations? Are we beginning to grasp the complexities and impacts of financial markets on human rights? What kind of corporate due diligence can make supply chains more socially sustainable? Why should parent companies act when their affiliates infringe rights? What is the potential of national human rights institutions in the area of business and human rights? What is the role of states and law in the social change process promoted by the corporate responsibility movement? How do we 'orchestrate' polycentric governance regimes to ensure respect for human rights?

*Superman (2018-)* #22 Brian Michael Bendis, 2020-06-16 The battle for the United Planets hits a fever pitch as the galactic conqueror Mongul beats some of the rulers of the galaxy to death and then heads for Earth! The only thing standing in his way? Superman! Meanwhile, back on Earth, the truth that Clark Kent is Superman continues to spiral out all over the world, and now the Daily Planet's competition is gunning for his wife, Lois Lane!

Liferay 6.2 User Interface Development Jonas X. Yuan, 2013-08 A step-by-step tutorial, targeting the Liferay 6.2 version. This book takes a step-by-step approach to customizing the look and feel of your website, and shows you how to build a great looking user interface as well. Liferay 6.2 User Interface Development is for anyone who is interested in the Liferay Portal. It contains text that explicitly introduces you to the Liferay Portal. You will benefit most from this book if you have Java programming experience and have coded servlets or JavaServer Pages before. Experienced Liferay portal developers will also find this book useful because it explains the latest technologies used in the Liferay Portal. This book is a good reference for Liferay architects as the book also explains different technologies for portlet development and their strong and weak points.
