Ronda Hughes

Annual Review of Nursing Research, Volume 27, 2009 ,2009-12-28 This volume sets the stage for understanding the evolution and importance of nursing science in the field by providing a brief historical overview of the tobacco epidemic and emerging science, describing changing trends in tobacco use, reviewing health risks of smoking and benefits of quitting, reviewing concepts in nicotine addiction and evidence-based recommendations for tobacco dependence treatment. Also highlighted are nursing science efforts and leadership in addressing two barriers to mounting programs of nursing research in tobacco control: the lack of nursing education and training in tobacco control and the limited research funding and mentorship. Finally, the contributors to this volume address the issue of smoking in the profession as it influences nurses' health, interventions with patients, and, potentially, scholarship efforts.

Intervention and State Sovereignty in Central Europe, 1500-1780 Patrick Milton,2023-02-09 Interventions in other states on behalf of their populations is often portrayed as a novel phenomenon in state practice, one which breaches the old principle of sovereignty. But is this really a new practice? Patrick Milton argues that such interventions occurred frequently as far back as the 16th, 17th, and 18th centuries.

Dissemination and Implementation of Evidence-Based Psychological Interventions R. Kathryn McHugh,David H. Barlow,2012-04-17 The lack of widely available, effective mental health care presents a major public health problem. This volume describes the rapidly expanding area of dissemination and implementation of evidence-based psychological interventions. Leading efforts internationally to improve access to effective care are highlighted by the leaders of these programs.

Parenting and Family Processes in Child Maltreatment and Intervention Douglas M. Teti,2016-11-26 This clear-sighted reference offers a transformative new lens for understanding the role of family processes in creating — and stopping — child abuse and neglect. Its integrative perspective emphasizes the interconnectedness of forms of abuse, the diverse mechanisms of family violence, and a child/family-centered, strengths-based approach to working with families. Chapters review evidence-based interventions and also model collaboration between family professionals for effective coordination of treatment and

other services. This powerful ecological framework has major implications for improving assessment, treatment, and prevention as well as future research on child maltreatment. Included among the topics: • Creating a safe haven following child maltreatment: the benefits and limits of social support. • “Why didn’t you tell?” Helping families and children weather the process following a sexual abuse disclosure. • Environments recreated: the unique struggles of children born to abused mothers. • Evidence-based intervention: trauma-focused cognitive behavioral therapy for children and families. • Preventing the intergenerational transmission of child maltreatment through relational interventions. • Reducing the risk of child maltreatment: challenges and opportunities. Professionals and practitioners particularly interested in family processes, child maltreatment, and developmental psychology will find *Parenting and Family Processes in Child Maltreatment and Intervention* a major step forward in breaking entrenched abuse cycles and keeping families safe.

Community-based Interventions for Smokers, 1995 COMMIT Community Intervention Trial for Smoking Cessation

Community-Based Interventions for Smokers Beti Thompson, David M. Burns, William R. Lynn, Donald R.

Shopland, 1998-02 This is the first monograph to deal with community-based approaches in dealing with smokers. It reports exciting victories: (1) a modest decrease in smoking rates in light-to-moderate smokers, especially in the hard-to-reach categories of individuals of low educational attainment, & (2) an impressive accomplishment in community empowerment. COMMIT (Community Intervention Trial for Smoking Cessation) has 22 communities comprising 12 treatments & 11 controls. This report includes: description & eval. plan; development of the intervention; changing public policy, school involvement, etc.

Wellbeing: A Complete Reference Guide, Interventions and Policies to Enhance Wellbeing Felicia A.

Huppert, Cary Cooper, 2014-03-17 *Interventions and Policies to Enhance Wellbeing* Wellbeing: A Complete Reference Guide is the first multivolume, interdisciplinary exploration of the topic of wellbeing. The notion of wellbeing has grown in importance and prominence across the globe in recent years and this reference work provides an in-depth examination of the characteristics that enable individuals and organizations to thrive and flourish. Under the direction of noted academic Cary Cooper, and edited by a distinguished group of senior scholars from a variety of disciplines, this project looks at wellbeing from multiple perspectives, including children and families; the environment; the workplace; later life; economics; and interventions and public policy. Spanning the social sciences and encompassing the latest research, this is an essential reference for scholars, students, professionals, and policy makers who want to enhance and promote human wellbeing. *Interventions and Policies to Enhance Wellbeing* looks at the most successful existing strategies to promote wellbeing and mental health. It examines the latest research in the science of wellbeing and discusses the practical implications for

improved learning, creativity, productivity, relationships, and health. The first two sections cover interventions for individuals across the lifespan, as well as those for organizations and communities. The final section looks specifically at policy initiatives and approaches, with a focus on the integration of new technology and the role of the media. In this multidisciplinary volume, a cadre of global scholars considers a wealth of new research and outlines the potential impact on future policy and the wellbeing of society at large. Patient Safety and Quality Ronda Hughes, 2008 Nurses play a vital role in improving the safety and quality of patient care -- not only in the hospital or ambulatory treatment facility, but also of community-based care and the care performed by family members. Nurses need to know what proven techniques and interventions they can use to enhance patient outcomes. To address this need, the Agency for Healthcare Research and Quality (AHRQ), with additional funding from the Robert Wood Johnson Foundation, has prepared this comprehensive, 1,400-page, handbook for nurses on patient safety and quality -- *Patient Safety and Quality: An Evidence-Based Handbook for Nurses*. Jesuits at the Margins Alexandre Coello de la Rosa, 2015-12-07 In the past decades historians have interpreted early modern Christian missions not simply as an adjunct to Western imperialism, but a privileged field for cross-cultural encounters. Placing the Jesuit missions into a global phenomenon that emphasizes economic and cultural relations between Europe and the East, this book analyzes the possibilities and limitations of the religious conversion in the Micronesian islands of Guam (or Guåhan) and the Northern Marianas. Frontiers are not rigid spatial lines separating culturally different groups of people, but rather active agents in the transformation of cultures. By bringing this local dimension to the fore, the book adheres to a process of missionary "glocalization" which allowed Chamorros to enter the international community as members of Spain's regional empire and the global communion of the Roman Catholic Church.

A History of Harrow School, 1324-1991 Christopher Tyerman, 2000 This is the first modern history of one of the most famous schools in the English-speaking world. It takes an even-handed approach, covering the school's failings as well as its successes. It includes frank discussions of Harrow's financial, educational, and sexual scandals along with a survey of its many great moments as the school of Byron, Churchill (and six other prime ministers), and Nehru.

Instructional Design Exemplars in eHealth and mHealth Education Interventions Tamim, Suha R., 2022-03-18 The use of eHealth and mHealth interventions for health promotion, health professional education, and health professional support is on the rise. They have a significant potential for learning through their wide reach, ability to tailor to specific needs, and facilitation of engagement, interactivity, and collaboration. Although eHealth and mHealth interventions are

invested in quality and effectiveness, they vary in their use of theory and instructional design principles based on the perspectives of the disciplines that can influence their work. Instructional Design Exemplars in eHealth and mHealth Education Interventions showcases design exemplars of eHealth and mHealth interventions in health promotion and in education and support of health professionals. These exemplars demonstrate the integration of theory and design principles that benefit health professionals and health education. Covering topics such as healthcare access, instructional technology, and diverse learning experiences, this book is a dynamic resource for health professionals, instructional designers, educators, researchers, hospital administrators, policymakers, researchers, and academicians.
