**The Future of Secured Credit in Europe** Horst Eidenmüller,Eva-Maria Kieninger,2012-07-12 This volume contains the reports and discussions presented at the conference The Future of Secured Credit in Europe in Munich from July 12th to July 14th, 2007. It aims at taking the debate to a new stage by exploring the need and possible avenues for creating a European law of security interests. The first part examines - from an economic and a community law perspective - the case for European lawmaking on secured credit and the legislative approach to be taken. The intention in the second and third part is to look in more detail at the choices European lawmakers will have to make in devising a European law of secured credit. The second part focuses on secured transactions involving corporeal movables (tangibles), whereas the third part considers categories of collateral that may require special rules.

Nutrient Requirements of Dogs and Cats National Research Council,Division on Earth and Life Studies,Board on Agriculture and Natural Resources,Committee on Animal Nutrition,Subcommittee on Dog and Cat Nutrition,2006-07-01 Updating recommendations last made by the National Research Council in the mid-1980s, this report provides nutrient recommendations based on physical activity and stage in life, major factors that influence nutrient needs. Entries on each university conclude with a Further Reading list, and most entries are illustrated. Coverage is world-wide, and entries range from the great medieval institutions (Oxford, Heidelberg, the Sorbonne) to the great historic universities of the United States, to the newer universities of Australia and South Africa, to the lesser-known universities of India, China, and Japan. More than 200 writers, researchers and archival departments of the universities themselves have contributed to the Dictionary . Entries include those universities with the most fascinating histories and those that have played important roles in the development of their own countries and in the furtherance of world scholarship.

**Vasily Grossman and the Soviet Century** Alexandra Popoff,2019-03-26 The definitive biography of Soviet Jewish dissident writer Vasily Grossman If Vasily Grossman's 1961 masterpiece, *Life and Fate*, had been published during his lifetime, it would have reached the world together with Pasternak's *Doctor Zhivago* and before Solzhenitsyn's *Gulag*. But *Life and Fate* was seized by the KGB. When it emerged posthumously, decades later, it was recognized as the War and Peace of the twentieth century. Always at the epicenter of events, Grossman (1905–1964) was among the first to describe the Holocaust and the Ukrainian famine. His 1944 article "The Hell of Treblinka" became evidence at Nuremberg. Grossman's powerful anti-totalitarian works liken the Nazis' crimes against humanity with those of Stalin. His compassionate prose has the everlasting quality of great art. Because Grossman's major works appeared after much delay we are only now able to examine them properly. Alexandra Popoff's authoritative biography illuminates Grossman's life and legacy.
