**Red Moon** M.a. Grant 2013-08-01 Dark, moving and original, a story of family, survival, and getting on with life... Flynn Sinclair understands pack loyalty – for years as his Alpha father's enforcer, he has done things in the name of duty that he can't ever forget. But the vast expanse of Alaska offers him a peace he's never known. Alone, removed from pack life, he can focus on his research and try to forget his life before. But duty has a way of inviting itself in, and Flynn finds himself doing two reckless things in one week: leaving the safety of Alaska to save his brother Connor's life, and unwittingly falling in love with Evie Thompson, a woman who doesn't deserve to be drawn into his terrifying world. Connor carries news of their father's descent into madness, and it looks like neither geography nor Flynn's attempts at disengagement will put off a confrontation. Flynn had finally begun to believe that he might deserve something good in his life – something like Evie – but to move forward in the light, he must first reconcile with the dark.

**Blood Wedding** Federico Garcia Lorca 2019-10-03 A bride promised. A blood vow broken. The vengeance of a village released. I want you green. Green wind, green branches. Boat on the ocean. Horse on the mountain. Written in the summer of 1932 with the Spanish civil war looming, Lorca's anarchic meditation on the fate of the individual versus society is a prophetic foreshadowing of the violence that would soon tear his beloved country apart and lead to his own tragic end. The mysteries of love and hate are explored against the backdrop of a community gearing up to unleash these elemental forces upon itself, with unstoppable consequences. What is done cannot be undone. Marina Carr's version of Federico García Lorca's Blood Wedding premiered at the Young Vic, London, in September 2019.

**Staring at the Sun** Irvin D. Yalom 2010-06-10 Written in Irv Yalom's inimitable story-telling style, Staring at the Sun is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an "awakening experience"—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we

confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

The Count of Monte Cristo Alexandre Dumas 1926 On the 24th of February, 1815, the look-out at Notre-Dame de la Garde signalled the three-master, the Pharaon from Smyrna, Trieste, and Naples. As usual, a pilot put off immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island. Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like the Pharaon, has been built, rigged, and laden at the old Phocée docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked one another what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the side of the pilot, who was steering the Pharaon towards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside the Pharaon, which he reached as she rounded into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned over the ship's bulwarks. He was a fine, tall, slim young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

*De Profundis* Oscar Wilde 2019-01-31 "I thought life was going to be a brilliant comedy, and you were to be one of the many graceful figures in it." While imprisoned in 1895-7 for "gross indecency", the brilliant poet and playwright Oscar Wilde wrote a long, impassioned letter to his estranged young lover, Lord Alfred Douglas. Later published as *De Profundis*, Wilde's letter describes the unbearable pains and blissful pleasures of his love, as well as his views on art, Christianity, and incarceration. Heavily abridged in most editions, *De Profundis* is here reproduced in full, a telling insight into this charismatic and sensitive author's life and times.

Nineteen Eighty-Four George Orwell 2021-01-09 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war,

omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

**Goals!** Brian Tracy 2008-11 Tracy's ideas may save readers years of hard work in achieving the goals that are most important to them.

**Thus Spake Zarathustra** Friedrich Wilhelm Nietzsche 2003 "Zarathustra" was Nietzsche's masterpiece, the first comprehensive statement of his mature philosophy, and the introduction of his influential and well-known (and misunderstood) ideas including the "overman" or "superman" and the "will to power." It is also the source of Nietzsche's famous (and much misconstrued) statement that "God is dead." This classic was due for an update and overhaul. A considerable part of Nietzsche's genius is his ability to make his language dance, and this is what becomes extraordinarily difficult to translate. Aphorist and punster Thomas Wayne puts the play back into this work.

On Grief and Grieving Elisabeth Kübler-Ross 2014-08-12 The authors explain how Kubler-Ross's famous "Five Stages of Dying" apply directly to mourners themselves. In this, her final book, completed shortly before her death, the authors own experiences and spiritual insight explain how the grief process helps survivors live with loss.
