If you've ever wondered where Unseen University students wet their whistles (while avoiding their teachers as they do the same), or pondered just what the Assassins' Guild constitutes a proper means of inhumation - there are standards to be upheld - then this is the book for you. That's right, have yourself a glimpse of what actually goes on in the city's societies. Cut the chaff, peek behind the curtain,

see how the sausage gets made . . . err, you get the idea. Just don't let the Thieves' Guild catch you with this. They won't appreciate their methods being flogged behind their back. Flogging's their job. Completely revamped and redesigned, this full-colour book contains material from Discworld Diaries across the decades.

The Finishing Touches Hester Browne,2010-05-13 Every girl should know what the finishing touches are. That dash of gloss on the cheekbones to lift your complexion. High heels for poise, and a luscious lipstick for the perfect pout. It's the spritz of perfume on the pulse points and the ability to stand on your own two feet? When 21st-century girl Betsy is called in to rescue an exclusive finishing school from financial ruin, she knows she must change the school drastically, if it's ever to survive. So it's out with debutante decorum and in with modern manners and man-management. But before she can teach the girls how to walk in high heels, Betsy may just have to remember how to wear them herself. With the added bonus that her gorgeous friend Jamie and the surprisingly hunky bursar Mark both seem to rather approve of her new stilettos . . .

Porterhouse Blue Tom Sharpe,2011-05-26 _____ The 'endlessly funny' novel widely regarded as a classic of comic English literature Porterhouse College is world renowned for its gastronomic excellence, the arrogance of its Fellows, its academic mediocrity and the social cache it confers on the athletic sons of country families. Sir Godber Evans, ex-Cabinet Minister and the new Master, is determined to change all this. Spurred on by his politically angular wife, Lady Mary, he challenges the established order and provokes the wrath of the Dean, the Senior Tutor, the Bursar and, most intransigent of all, Skullion the Head Porter - with hilarious and catastrophic results.

The Scottish Book R. Daniel Mauldin, 2015-11-26 The second edition of this book updates and expands upon a historically important collection of mathematical problems first published in the United States by Birkhäuser in 1981. These problems serve as a record of the informal discussions held by a group of mathematicians at the Scottish Café in Lwów, Poland, between the two world wars. Many of them were leaders in the development of such areas as functional and real analysis, group theory, measure and set theory, probability, and topology. Finding solutions to the problems they proposed has been ongoing since World War II, with prizes offered in many cases to those who are successful. In the 35 years since the first edition published, several more problems have been fully or partially solved, but even today many still remain unsolved and several prizes remain unclaimed. In view of this, the editor has gathered new and updated commentaries on the original 193 problems. Some problems are solved for the first time in this edition. Included again in full are transcripts of lectures given by Stanislaw Ulam, Mark Kac, Antoni Zygmund, Paul Erdős, and Andrzej Granas that provide amazing insights into the mathematical environment of Lwów before World War II and the development of The Scottish Book. Also new in this edition are a brief history of the University of Wrocław's New Scottish Book, created to revive the tradition of the original, and some selected problems from it. The Scottish Book offers a unique opportunity to communicate with the people and ideas of a time

and place that had an enormous influence on the development of mathematics and try their hand on the unsolved problems. Anyone in the general mathematical community with an interest in the history of modern mathematics will find this to be an insightful and fascinating read.

Amberlough Lara Elena Donnelly,2017-02-07 A double-agent sacrifices all his ideals in order to save his smuggler lover before a government coup takes over their decadent city in Lara Elena Donnelly's glam spy thriller debut, now a Nebula finalist for Best Novel! "Exploring the roots of hatred, nationalism, and fascism, while at the same time celebrating the diversity, love, romance, fashion, and joy the world is capable of producing." —Bookriot Introducing... *The Smuggler*: By day, Aristide Makricosta is the emcee for Amberlough City's top nightclub. By night, he moves drugs and refugees under the noses of crooked cops. *The Spy*: Covert agent Cyril DePaul thinks he's good at keeping secrets, but after a disastrous mission abroad, he makes a dangerous choice to protect himself...and hopefully Aristide too. *The Dancer*: Streetwise Cordelia Lehane, burlesque performer at the Bumble Bee Cabaret and Aristide's runner, could be the key to Cyril's plans—if she can be trusted. As the twinkling marquees lights yield to the rising flames of a fascist revolution, these three will struggle to survive using whatever means — and people — necessary. Including each other. "James Bond by way of Oscar Wilde." —Holly Black "Sparkling with slang, full of riotous characters, and dripping with intrigue, Amberlough is a dazzling romp through a tumultuous, ravishing world." —Robert Jackson Bennett, winner of the Shirley Jackson Award and the Edgar Award

Oxford College Gardens Tim Richardson,2018-09-04 From the bijou corners of Corpus Christi to the wide open lawns of Trinity, Oxford's gardens are full of surprises and hidden corners - not least the fellows' or masters' gardens, which are usually kept resolutely private. Take a tour of the stunning gardens of this prestigious British institution without leaving your armchair with this elegant, authoritative analysis full of glorious photographs which reveal their full interest and charm. The gardens of Oxford's thirty or so colleges are surprisingly varied in style, age and size, ranging from the ancient mound in the middle of New College to the fine modernist design which is St Catherine's. The eighteenth-century landscape school is represented in the magnificent acreage of Worcester, while the twentieth-century vogue for rock gardening is reflected at St John's. Founded in 1621, the university's Botanic Garden is the oldest botanic garden in Britain, holds one of the most diverse plant collections in the world, and has been a source of inspiration for writers from Lewis Carroll to Philip Pullman.
