The Press, the Rosenbergs, and the Cold War John F. Neville 1995 This book is a study of cold war agenda setting in relation to the Julius and Ethel Rosenberg spy case. Its primary interest is with press coverage of the case from 1950 to 1953, although the historical focus of the case extends before and beyond those years. The purpose of the book is not to debate the Rosenbergs' guilt or innocence, but rather to provide a fresh view of the case in its most political terms: news coverage filtered through the dynamics of cold war patriotism. A large sample of U.S. and foreign newspapers and magazines was monitored to determine if the Rosenbergs were victims of sensational pretrial and during-trial newspaper publicity. Neville also determines if the press reported on the claims of a U.S. left-wing newspaper, the National Guardian, that the Rosenbergs were framed by the U.S. government with the complicity of the news media. His conclusions question whether the mainstream press and news media ignore issues of justice for radicals in time of war and political crisis.

News of a Kidnapping Gabriel García Márquez 1997 This astonishing book by the Nobel laureate Gabriel García Márquez chronicles the 1990 kidnappings of ten Colombian men and women--all but one a journalist--by the Medellín drug boss Pablo Escobar. The carefully

orchestrated abductions were Escobar's attempt to extort from the government its assurance that he, and other narcotics traffickers, would not be extradited to the United States if they were to surrender. From the highest corridors of government to the domain of the ruthless drug cartels, we watch the unfolding of a bizarre drama replete with fascinating characters: César Gaviria, the nation's cool and secretive president; Diana Turbay, a famous television journalist and magazine editor; three indomitable women who are imprisoned for miserable months in a small room with a light perpetually on; an eighty-two-year-old priest with a mission to bring the regime and the cartel to the negotiating table; and Escobar himself, the legendary drug baron who changes his bodyguards daily and maintains a private zoo with giraffes and hippos from Africa. All of this takes place in a country where presidential candidates and cabinet officers are routinely assassinated; where police go into the Medellín slums to murder boys they think may be working for Escobar; but where brave and honest citizens are trying desperately to make democracy survive. An international best-seller, "News of a Kidnapping" combines journalistic tenacity with the breathtaking language and perception that distinguish the writings of Gabriel García Márquez. It draws us into a world that, like some phantasmagorical setting in a great García Márquez novel, we can scarcely believe exists--but that continually shocks us with its cold, hard reality.
