The Language of Food: A Linguist Reads the Menu Dan Jurafsky, 2014-09-15 A 2015 James Beard Award Finalist: Eye-opening, insightful, and huge fun to read. —Bee Wilson, author of *Consider the Fork* Why do we eat toast for breakfast, and then toast to good health at dinner? What does the turkey we eat on Thanksgiving have to do with the country on the eastern Mediterranean? Can you figure out how much your dinner will cost by counting the words on the menu? In *The Language of Food*, Stanford University professor and MacArthur Fellow Dan Jurafsky peels away the mysteries from the foods we think we know. Thirteen chapters evoke the joy and discovery of reading a menu dotted with the sharp-eyed annotations of a linguist. Jurafsky points out the subtle meanings hidden in filler words like rich and crispy, zeroes in on the metaphors and storytelling tropes we rely on in restaurant reviews, and charts a microuniverse of marketing language on the back of a bag of potato chips. The fascinating journey through *The Language of Food* uncovers a global atlas of culinary influences. With Jurafsky's insight, words like ketchup, macaron, and even salad become living fossils that contain the patterns of early global exploration that predate our modern fusion-filled world. From ancient recipes preserved in Sumerian song lyrics to colonial shipping routes that first connected East and West, Jurafsky paints a vibrant portrait of how our foods developed. A surprising history of culinary exchange—a sharing of ideas and culture as much as ingredients and flavors—lies just beneath the surface of our daily snacks, soups, and suppers. Engaging and informed, Jurafsky's unique study illuminates an extraordinary network of language, history, and food. The menu is yours to enjoy.

The Hudson Benson John Lossing, 2000 Lossing unforgettably captured pre-Civil War America, when NYC numbered 300,000 people, and steamboats and railroads plied the Hudson River and its banks. The Hudson Valley was pastureland and farmland surrounding a few sleepy villages and a handful of bustling river ports, and Revolutionary War exploits were still a hot topic of conversation.

The Campaign of 1815: Ligny, Quatre Bras, Waterloo William O'Connor Morris, 2016-03-21 A detailed history of the Waterloo campaign, first published in 1900, which combines a succinct and complete narrative of events, with a careful running commentary. The author, an Oxford academic, takes us through the campaign step by step beginning with a portrait

of France under the unpopular Bourbon monarchy; Napoleon's triumphant return from exile in Elba; his raising an army and the panic-stricken response of the Allies to the renewed Bonapartist threat. Morris takes us carefully through the military developments after Napoleon crosses the Belgian border in a bid to defeat the Prussians and the Anglo-Dutch forces under Wellington piecemeal, resulting in the twin battles of Ligny (against Blucher) and Quatre Bras. There then follows the climactic titanic struggle at Waterloo itself when the French flung themselves against the defensive position chosen by Wellington south of Brussels, only to be met by solid British squares. The furious struggle for possession of the forward posts of Hougemont, La Haye Sainte and the Belle Alliance are well described, as is the role of the artillery and cavalry. The Allied triumph is assured by the arrival of the Prussians in the nick of time to make the final victory over Napoleon complete.

The Life of a Regiment Charles Greenhill Gardyne, 2018-09-22 Excerpt from The Life of a Regiment: The History of the Gordon Highlanders From Its Formation in 1794 to 1816 I have been at pains to have the illustrations of uniform and costume correct, and they are taken as far as possible from contemporary sketches in the British Museum, by British and French artists, the drawings being done by Messrs R. Hope, H. Payne, and R. Simkin. I am indebted to the courtesy of Messrs Blackwood Sons for the permission to use the plans of Vittoria, Orthes, quatre-bras, and Waterloo from Alison's History of Europe, plans being also taken from Napier's History of the Peninsular War, and others.
