Jalata's research reveals that terrorism can emerge from above as state terrorism and below as subversive organizations or groups.

**A Dictionary of Cebuano Visayan** John Wolff,2016-01-27 This is a dictionary of Cebuano Visayan, the language of the central part of the Philippines and much of Mindanao. Although the explanations are given in English, the aim of this work is not to provide English equivalents but to explain Cebuano forms in terms of themselves. It is meant as a reference work for Cebuano speakers and as a tool for students of the Cebuano language. There is a total of some 25,000 entries and an addenda of 700 forms which were prepared after the dictionary had been composed. This dictionary is the product of eleven years work by more than a hundred persons. The work was edited by John Wolff but the sources are entirely native, and all illustrations are composed by native speakers. To date, this work probably represents the most authoritative dictionary of the Cebuano Visayan language.

**Northern Territory Dictionary of Biography** D. Carment,Christine Edward,Barbara James,Robyn Maynard,Alan Powell,Helen J. Wilson,2008 This revised edition of the Northern Territory Dictionary of Biography brings together the entries from the original three volumes, published in 1990, 1992 and 1996. The Dictionary spans the period from the early British and French explorers of the Northern Territory coast to the mid 1990s and aims to provide a broad reflection of life in the Territory rather than focusing on eminent public figures. In some cases this has meant that some subjects are included about whom relatively little is known. Authors come from the widest possible cross-section of the community and there is a considerable range of writing styles. The principal interest of the volume is the Northern Territory. In all cases, the Territory experience of subjects, however eminent they might have been elsewhere, is thus the focal point of entries.This volume is available on CD (ISBN 9780980384697) and in this limited paperback edition.

*Why I Killed Gandhi* Nathuram Godse,2020-10-02 While the nation was celebrating Independence from British Rule and

singing all praises for the 'Father of The Nation' - Mahatma Gandhi, the news of his assassination came as a shock. He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House, New Delhi. The man behind the assassination - Nathuram Godse was a well known nationalist. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took.

*Creating and Crossing Boundaries in Ethiopia* Susanne Epple,2014 Ethiopia is best understood as a country with multiple internal divides, but also endless interconnections which are constantly renegotiated. Contributing to the growing literature on the country's cultural diversity, this book offers special emphasis on the contemporary dynamics of intra- and intergroup boundary formation and alteration. It also adds to the more general literature on identity change, boundary transgression of individuals and groups, and cultural contact and change. With contributions from experienced Ethiopian and international scholars, the book offers perspectives on territorial, ethnic, class, caste, gender, and age related boundaries in different parts of the country. *Player's Guide to the Hyborian Age* Vincent Darlage,2008-04-08 The Hyborian age is the ultimate 'age undreamed of.' The Hyborian age is one of the fundamental inspirations for the sword-and-sorcery genre. The Hyborian age is an age of larger than life characters who take what they want at sword's length - or they use sorcery to fulfill their desires. It is a world where civilisation and barbarism co-exist with crimson clashes and a world where death can be found in almost any shadow or niche. The Hyborian age is an epoch where people called 'noble' are debauched and corrupt and people labelled as 'savage' are honourable and straight-forward. Aimed at players, this book allows players to make their characters less generic and more a product of this fascinating world. Armed with this book, a player will have tools to breathe additional life into their created characters.

**Trans-Himalayan Linguistics** Thomas Owen-Smith,Nathan Hill,2013-12-12 The Himalaya and surrounding regions are amongst the world's most linguistically diverse places. Of an estimated 600 languages spoken here at Asia's heart, few are researched in depth and many virtually undocumented. Historical developments and relationships between the region's languages also remain poorly understood. This book brings together new work on under-researched Himalayan languages with investigations into the complexities of the area's linguistic history, offering original data and perspectives on the synchrony and diachrony of the Greater Himalayan Region. The volume arises from papers given and topics discussed at the 16th Himalayan Languages Symposium in London in 2010. Most papers focus on Tibeto-Burman languages. These include topics relating to individual - mostly small and endangered - languages, such as Tilung, Shumcho, Rengmitca, Yongning Na and Tshangla; comparative research on the Tibetic, East Bodish and Tamangic language groups; and several papers whose scope covers the whole language family. The remaining paper deals with the origins of Burushaski, whose genetic affiliation remains uncertain. This book will be of special interest to scholars of Tibeto-Burman, and historical as well as general linguists.
