Women at the Dawn of History Agnete W. Lassen,Klaus Wagensonner,2020 In the patriarchal world of ancient Mesopotamia, women were often represented in their relation to men - as mothers, daughters, or wives - giving the impression that a woman's place was in the home. But, as we explore in this volume, they were also authors and scholars, astute business-women, sources of expressions of eroticism, priestesses with access to major gods and goddesses, and regents who exercised power on behalf of kingdoms, states, and empires.

Wilhelm Wundt in History Robert W. Rieber,David K. Robinson,2012-12-06 In this new millenium it may be fair to ask, Why look at Wundt? Over the years, many authors have taken fairly detailed looks at the work and accomplishments of Wilhelm Wundt (1832-1920). This was especially true of the years around 1979, the centennial of the Leipzig Institute for Experimental Psychology, the birthplace of the graduate program in psychology. More than twenty years have passed since then, and in the intervening time those centennial studies have attracted the attention and have motivated the efforts of a variety of historians, philosophers, psychologists, and other social scientists. They have profited from the questions raised earlier about theoretical, methodological, sociological, and even political aspects affecting the organized study of mind and behavior; they have also proposed some new directions for research in the history of the behavioral and social sciences. With the advantage of the historiographic perspective that twenty years can bring, this volume will consider this much-heralded founding father of psychology once again. Some of the authors are veterans of the centennial who contributed to a very useful volume, edited by Robert W. Rieber, *Wilhelm Wundt and the Making of a Scientific Psychology* (New York: Plenum Press, 1980). Others are scholars who have joined Wundt studies since then, and have used that book, among others, as a guide to further work. The first chapter, *Wundt before Leipzig*, is essentially unchanged from the 1980 volume.

A.P.J. Abdul Kalam Arun Tiwari,2015-12-10 The definitive biography of India's most loved leader and scientist Aeronautical engineer, rocket scientist, missile man, visionary, teacher and the most inspiring head of state in living memory - Avul Pakir Jainulabdeen Abdul Kalam was all these and more. Unquestionably the most revered Indian leader since Mahatma Gandhi, he transcended all the boundaries and obstacles that came his way in the course of a remarkable life; and he did so with grace and humility.Arun Tiwari tells Dr Kalam's life story with a deep understanding of his formative experiences and character and reveals him as a man personifying all the glory and paradoxes of his nation: secular and religious; exalted and humble; schooled and unaffected; dynamic and calm; scientific and spiritual - an Indian above all.
