Rational-emotive Couples Therapy Albert Ellis, 1989

The Sense of an Ending Julian Barnes, 2011-08-04 A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' Daily Telegraph **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

Current Issues in Rational-emotive Therapy Windy Dryden, 1987-01-01

The Black Jacobins C. L. R. James, 2001-05-31 In 1789 the West Indian colony of San Domingo supplied two-thirds of the overseas trade of France. The entire structure of what was arguably the most profitable colony in the world rested on the labour of half a million slaves. In 1791 the waves of unrest inspired by the French Revolution reached across the Atlantic dividing the loyalties of the white population of the island. The brutally treated slaves of Saint Domingo seized at this confusion and rose up in rebellion against masters. In this classic work, CLR James chronicles the only successful slave revolt in history and provides a critical portrait of their leader, Toussaint L'Ouverture, 'one of the most remarkable men of a period rich in remarkable men'.

Adam Bede Illustrated George Eliot,2020-08-22 Adam Bede, the first novel written by George Eliot (the pen name of Mary Ann Evans), was published in 1859. It was published pseudonymously, even though Evans was a well-published and highly respected scholar of her time. The novel has remained in print ever since and is regularly used in university studies of 19th-century English literature

The Scottish Clearances T. M. Devine,2018-10-04 'A superb book ... Anybody interested in Scottish history needs to read it' Andrew Marr, Sunday Times Eighteenth-century Scotland is famed for generating many of the enlightened ideas which helped to shape the modern world. But there was in the same period another side to the history of the nation. Many of Scotland's people were subjected to coercive and sometimes violent change, as traditional ways of life were overturned by the 'rational' exploitation of land use. The Scottish Clearances is a superb and highly original account of this sometimes terrible process, which changed the Lowland countryside forever, as it also did, more infamously, the old society of the Highlands. Based on a vast array of original sources, this pioneering book is the first to chart this tumultuous saga in one volume, with due attention to evictions and loss of land in both north and south of the Highland line. In the process, old myths are exploded and familiar assumptions undermined. With many fascinating details and the sense of an epic human story, The Scottish Clearances is an evocative memorial to all whose lives were irreparably changed in the interests of economic efficiency. This is a story of forced clearance, of the destruction of entire communities and of large-scale emigration. Some winners were able to adapt and exploit the new opportunities, but there were also others who lost everything. The clearances created the landscape of Scotland today, but it came at a huge price.

Jane Eyre Charlotte Brontë,2024-05-20 Embark on a journey of resilience, romance, and self-discovery with Charlotte Brontë's timeless classic, Jane Eyre. Set against the moody and atmospheric backdrop of 19th-century England, this beloved novel follows the life of Jane Eyre, an orphaned girl who overcomes adversity to forge her own path in a world often harsh and unforgiving. From her bleak childhood under the care of her cruel aunt to her years at the austere Lowood School, Jane's spirit remains unbroken. As she matures into a strong and independent young woman, she takes a position as a governess at Thornfield Hall, where she meets the enigmatic and brooding master, Mr. Rochester. Despite the stark differences in their social status, a passionate and complex romance blossoms between them, testing Jane's convictions and resolve. Jane Eyre is more than just a romance-it's a profound exploration of themes such as morality, social criticism, and the struggle for personal integrity and equality. Brontë's rich, evocative prose and deeply psychological characterizations make this novel an enduring masterpiece that continues to captivate and inspire readers. Join Charlotte Brontë on an unforgettable journey through the trials and triumphs of Jane Eyre. With its strong, relatable heroine, dramatic plot twists, and timeless exploration of love and identity, this classic novel remains a powerful testament to the strength of the human spirit and the enduring quest for self-respect and emotional fulfillment.

Oil and Insurgency in the Niger Delta Cyril Obi, Siri Aas Rustad, 2011-02-10 The recent escalation in the violent conflict in the Niger Delta has brought the region to the forefront of international energy and security concerns. This book analyses the causes, dynamics and politics underpinning oil-related violence in the Niger Delta region of Nigeria. It focuses on the drivers of the conflict, as well as the ways the crises spawned by the political economy of oil and contradictions within Nigeria's ethnic politics have contributed to the morphing of initially poorly coordinated, largely non-violent protests into a pan-Delta insurgency. Approaching the issue from a number of perspectives, the book offers the most up-to-date and comprehensive analysis available of the varied dimensions of the conflict. Combining empirically-based and analytic chapters, it attempts to explain the causes of the escalation in violence, the various actors, levels and dynamics involved, and the policy challenges faced with regard to conflict management/resolution and the options for peace. It also examines the role of oil as a commodity of global strategic significance, addressing the relationship between oil, energy security and development in the Niger Delta.

Memories and Adventures Arthur Conan Doyle, 2022-12-20 *Memories and Adventures* is an autobiography written by Arthur Conan Doyle published in *The Strand Magazine* from October 1923 to July 1924. It was later published in book form by Hodder & Stoughton Ltd. on 18 September 1924.

Bullying, Rejection, & Peer Victimization Monica J. Harris, PhD, 2009-05-11 Both children and adults who experience chronic peer victimization are at considerable risk for a host of adverse psychological consequences, including depression, aggression, even suicidal ideation. *Bullying, Rejection, and Peer Victimization* is the only book that addresses bullying across the developmental spectrum, covering child, adolescent, and adult populations. The contributors offer in-depth analyses on traditional aggression and victimization (physical bullying) as well as social rejection (emotional bullying). Peer and family relationships, relational aggression, and cyber-bullying are just a few of the important topics discussed. Key Features: Analyzes both perpetrator's and victim's sides of the peer victimization experience Explores how gender traits influence aggression Investigates how family dynamics influence chronic peer victimization Examines the relationships between social status, power, and aggression This text offers a wealth of insight into the experiences of victims of peer bullying, using cutting-edge theoretical perspectives, including social cognition, social ecology, genetics and genetic-environment interactions, and social cognitive neuroscience.

Grieving James R. White, 1997-10-01 Written at a much-appreciated length, this brief book gently guides readers through the healing process of grief. Showing how grief doesn't happen in neat orderly stages, it explains how to work through painful emotions and questions and find God's peace and healing. Here is an updated look for a steady seller.

What Happens When Women Say Yes to God Lysa TerKeurst, 2007-03-01 Add beauty to your quiet time or delight a friend with a gift they will treasure. This edition of Lysa TerKeurst's popular *What Happens When Women Say Yes to God*

Say yes!

Building on Values Commission on the Future of Health Care in Canada, Roy J. Romanow, 2002 In April 2001, the Prime Minister established the Commission on the Future of Health Care in Canada. Its mandate was to review medicare, engage Canadians in a national dialogue on its future, and make recommendations to enhance the system's quality and sustainability. The 47 recommendations in this report outline actions that must be taken in 10 critical areas, starting by renewing the foundations of medicare and considering Canada's role in improving health around the world.

Music in Everyday Life Tia DeNora, 2000-06-08 The power of music to influence mood, create scenes, routines and occasions is widely recognised and this is reflected in a strand of social theory from Plato to Adorno that portrays music as an influence on character, social structure and action. There have, however, been few attempts to specify this power empirically and to provide theoretically grounded accounts of music's structuring properties in everyday experience. *Music in Everyday Life* uses a series of ethnographic studies - an aerobics class, karaoke evenings, music therapy sessions and the use of background music in the retail sector - as well as in-depth interviews to show how music is a constitutive feature of human agency. Drawing together concepts from psychology, sociology and socio-linguistics it develops a theory of music's active role in the construction of personal and social life and highlights the aesthetic dimension of social order and organisation in late modern societies.

Wine and Conversation Adrienne Lehrer, 2009-04-08 The vocabulary of wine is large and exceptionally vibrant -- from straight-forward descriptive words like sweet and fragrant, colorful metaphors like ostentatious and brash, to the more technical lexicon of biochemistry. The world of wine vocabulary is growing alongside the current popularity of wine itself, particularly as new words are employed by professional wine writers, who not only want to write interesting prose, but avoid repetition and cliché. The question is, what do these words mean? Can they actually reflect the objective characteristics of wine, and can two drinkers really use and understand these words in the same way? In this second edition of *Wine and Conversation*, linguist Adrienne Lehrer explores whether or not wine drinkers (both novices and experts) can in fact understand wine words in the same way. Her conclusion, based on experimental results, is no. Even though experts do somewhat better than novices in some experiments, they tend to do well only on wines on which they are carefully trained and/or with which they are very familiar. Does this mean that the elaborate language we use to describe wine is essentially a

charade? Lehrer shows that although scientific wine writing requires a precise and shared use of language, drinking wine and talking about it in casual, informal setting with friends is different, and the conversational goals include social bonding as well as communicating information about the wine. Lehrer also shows how language innovation and language play, clearly seen in the names of new wines and wineries, as well as wine descriptors, is yet another influence on the burgeoning and sometimes whimsical world of wine vocabulary.

Women Who Love Psychopaths Sandra L. Brown, 2009

Philosophy and Theatre Tom Stern, 2013-10-01 The relationship between philosophy and theatre is a central theme in the writings of Plato and Aristotle and of dramatists from Aristophanes to Stoppard. Where Plato argued that playwrights and actors should be banished from the ideal city for their suspect imitations of reality, Aristotle argued that theatre, particularly tragedy, was vital for stimulating our emotions and helping us to understanding ourselves. Despite this rich history the study of philosophy and theatre has been largely overlooked in contemporary philosophy. This is the first book to introduce philosophy and theatre. It covers key topics and debates, presenting the contributions of major figures in the history of philosophy, including: what is theatre? How does theatre compare with other arts? theatre as imitation, including Plato on mimesis truth and illusion in the theatre, including Nietzsche on tragedy theatre as history theatre and morality, including Rousseau's criticisms of theatre audience and emotion, including Aristotle on catharsis theatre and politics, including Brecht's Epic Theatre. Including annotated further reading and summaries at the end of each chapter, Philosophy and Theatre is an ideal starting point for those studying philosophy, theatre studies and related subjects in the arts and humanities.
