Generation Left Keir Milburn,2019-06-07 Increasingly age appears to be the key dividing line in contemporary politics. Young people across the globe are embracing left-wing ideas and supporting figures such as Corbyn and Sanders. Where has this 'Generation Left' come from? How can it change the world? This compelling book by Keir Milburn traces the story of Generation Left. Emerging in the aftermath of the 2008 financial crash, it has now entered the electoral arena and found itself vying for dominance with ageing right-leaning voters and a 'Third Way' political elite unable to accept the new realities. By offering a new concept of political generations, Milburn unveils the ideas, attitudes and direction of Generation Left and explains how the age gap can be bridged by reinventing youth and adulthood. This book is essential reading for anyone, young or old, who is interested in addressing the multiple crises of our time.

The Beauty of Living Twice Sharon Stone,2021-04-01 THE TIMES #1 BESTSELLER THE INSTANT NEW YORK TIMES BESTSELLER One of Vogue's Best Books to Read in 2021 One of O Magazine's 55 Most Anticipated Books of 2021 One of Marie Claire's 25 Best 2021 Memoirs to Pre-Order Now 'Electrifying.' The Sunday Times 'A glorious, rogue, raw account ... It is funny; it is shocking; it is good.' The Times 'Dangerous, alluring and misunderstood: Sharon Stone remains one of our best ever movie stars ... Her new book serves as a spectacular reminder of the outrageous fun of her Nineties fame and why she is more than due for contemporary respect.' Independent 'Brawler, hillbilly, misfit, thief - the actress's memoir of her hardscrabble life, *The Beauty of Living Twice*, is a feast of yarns and jokes.' Daily Telegraph 'While [*The Beauty of Living Twice*] contains some startling personal revelations, equally affecting is Stone's warmth and grace, qualities that, by the end, feel quite miraculous . . . Writing with zeal and urgency, Stone argues for a stronger legal system, for rape kits on police shelves to be processed, for better training for teachers and paediatricians. Above all, she offers a hopeful glimpse of life beyond trauma . . . *The Beauty of Living Twice* promises the possibility of improvement or redemption, of compassion and understanding, of living honestly.' The Washington Post Sharon Stone , one of the most renowned actresses in the world, suffered a massive stroke that cost her not only her health, but her career, family, fortune, and global fame. In *The Beauty of Living Twice* , she chronicles her efforts to rebuild her life, and the slow road back to wholeness and health. In an industry that doesn't accept failure, in a world where too many voices are silenced, Stone found the power to return, the courage to speak up, and the will to make a difference in the lives of women and children around the globe. Over the course of these intimate pages, Stone talks about her pivotal roles, her life-changing friendships, her worst disappointments, and her greatest accomplishments. She reveals how she went from a childhood of trauma and violence to a business that in many ways echoed those same assaults, under cover of money and glamour. She describes the strength and meaning she found in her children, and in her humanitarian efforts. And ultimately, she shares how she fought her way back to find not only her truth, but her family's reconciliation and love. Stone made headlines not just for her talent and beauty, but for her candour and her refusal to play nice, and it's those same qualities that make this memoir so powerful. *The Beauty of Living Twice* is a

book for the wounded, and a book for the survivors; it's a celebration of women's strength and resilience, a reckoning, and a call to activism. It is proof that it's never too late to raise your voice, and speak out.

Nutrient Requirements of Dogs and Cats National Research Council, Division on Earth and Life Studies, Board on Agriculture and Natural Resources, Committee on Animal Nutrition, Subcommittee on Dog and Cat Nutrition, 2006-07-01 Updating recommendations last made by the National Research Council in the mid-1980s, this report provides nutrient recommendations based on physical activity and stage in life, major factors that influence nutrient needs. It looks at how nutrients are metabolized in the bodies of dogs and cats, indications of nutrient deficiency, and diseases related to poor nutrition. The report provides a valuable resource for industry professionals formulating diets, scientists setting research agendas, government officials developing regulations for pet food labeling, and as a university textbook for dog and cat nutrition. It can also guide pet owners feeding decisions for their pets with information on specific nutrient needs, characteristics of different types of pet foods, and factors to consider when feeding cats and dogs.

The Future of Secured Credit in Europe Horst Eidenmüller, Eva-Maria Kieninger, 2012-07-12 This volume contains the reports and discussions presented at the conference The Future of Secured Credit in Europe in Munich from July 12th to July 14th, 2007. It aims at taking the debate to a new stage by exploring the need and possible avenues for creating a European law of security interests. The first part examines - from an economic and a community law perspective - the case for European lawmaking on secured credit and the legislative approach to be taken. The intention in the second and third part is to look in more detail at the choices European lawmakers will have to make in devising a European law of secured credit. The second part focuses on secured transactions involving corporeal movables (tangibles), whereas the third part considers categories of collateral that may require special rules.

Cross-Border Security over Tangibles Harry C. Sigman, Eva-Maria Kieninger, 2009-04-27 As cross-border trade and cross-

border financing continue to increase while security rights over tangible property are governed by the law of the place where the moveable is situated, comparative knowledge of national secured transactions law is crucial for everyone using security rights over tangibles in a cross-border context. This book provides an in-depth examination of the key issues that arise when security rights are created, perfected and enforced in different European countries. Authored by experts on German, English, Dutch, French, Belgian, Italian and Spanish law, the national reports use practical cases and highlight differences and similarities. A special focus is placed on the way in which national courts deal with security interests created elsewhere. A comprehensive introductory chapter analyzes significant secured transactions issues, summarises the comparative data and compares them with Art. 9 of the Uniform Commercial Code (U.S.) and suggests guiding principles for a European harmonization measure or national reform efforts. The book will assist market participants and their counsel to better understand secured transactions law and relevant private international law rules of their own and other countries and assist those involved in national, EU and global law reform efforts.
