MHRA Style Guide Modern Humanities Research Association,2008 Now in its second edition, the MHRA Style Guide is an indispensable tool for authors and editors of scholarly books, contributors to academic publications, and students preparing theses. The Style Guide succeeds the best-selling MHRA Style Book, five editions of which were published from 1971 to 1996. Though originally designed for use in connection with the publications of the Modern Humanities Research Association, the Style Book became a standard book of reference, particularly in the humanities, and has been adopted by many other authors, editors, and publishers. This new edition of the Style Guide has been revised and updated by a subcommittee of the MHRA. It provides comprehensive guidance on the preparation of copy for publication and gives clear and concise advice on such matters as spelling (including the spelling of proper names and the transliteration of Slavonic names), abbreviations, punctuation, the use of capitals and italics, dates and numbers, quotations, notes, and references. Chapters on indexing, the preparation of theses and dissertations, and proof correcting are also included
