Eclipses Celeste Teal,2006 Eclipses play a crucial role in the fates of nations and the lives of individuals. Nationally known astrologer Celeste Teal draws on nearly thirty years of astrological experience to explain and illustrate how eclipses act as cosmic telegrams about the current state of our world, our personal lives, and our relationships with others. Eclipses illustrates how recent and historical events can be linked directly to eclipses, and provides predictions for their effects on world events in the next decade and beyond. Readers will explore the effects of prenatal eclipses on the natal chart, as well as past, present, and future eclipses. While eclipses are often mentioned in monthly horoscopes, no other book has ever attempted to demonstrate how these heavenly events are observably connected to both world events and personal affairs.

Play Like a Man Rose Marshack,2023-02-28 As a member of Poster Children, Rose Marshack took part in entwined revolutions. Marshack and other women seized a much-elevated profile in music during the indie rock breakthrough while the advent of new digital technologies transformed the recording and marketing of music. Touring in a van, meeting your idols, juggling a programming job with music, keeping control and credibility, the perils of an independent record label (and the greater perils of a major)—Marshack chronicles the band's day-to-day life and punctuates her account with excerpts from her tour reports and hard-learned lessons on how to rock, program, and teach while female. She also details the ways Poster Children applied punk's DIY ethos to digital tech as a way to connect with fans via then-new media like pkids listservs, internet radio, and enhanced CDs. An inside look at a scene and a career, *Play Like a Man* is the evocative and humorous tale of one woman's life in the trenches and online.

On the Frontlines Nathan L. Street,2019-11-20 Our culture is under attack. The battlefield is covered with the ruins of landmarks and monuments of the past dedicated to morality and natural law. Throughout the centuries, Christians have held

high the banner of Jesus Christ for the world to see. The culture has been protected and defended by the Christian soldiers in America since its founding. However, there is a darkness spreading throughout the land. Leftist doctrines are gaining footholds and acquiring the fortresses of old. The hallowed bastions of learning, called American public schools, once venerated by the world, are now languishing, crippled by the leftist ideologies they have now adopted in place of classical liberal education. Christianity, once the standard moral center of the community, has now been replaced by pluralism, relativism, and postmodernism. The epicenter of this transformation has been and still is the public schools. On the Frontlines: Exposing Satan's Tactics to Destroy a Generation is a clarion call from a Christian educator and administrator to the church. It is time we, as a body of believers, stand up and be counted among those who refuse to allow the religion of the left to prevail.
