**Milton Glaser** Milton Glaser,2021-06-08 The late designer Milton Glaser once said, The most overused word, creativity, should in fact be described as discovery. This revealing peek inside Glaser's never-before-published journals offers uncommon insight into his design process. Through notes, drawings, and sketches from his home in New York City and his travels throughout Italy, France, and Spain, Glaser inspires the reader to find meaning in even the smallest details: a cat, a stage set, a portrait, a building--all are significant. The joyfulness of art is discovering the connections themselves, Glaser wrote. A brief introduction by Glaser and an interview conducted by Jeremy Elias, originally printed in the New York Times, are included.

*Drawn on the Way* Sarah Nisbett,2021-12-21 Learn to observe the world more deeply—with curiosity, empathy, and joy—as you sketch the stories unfolding all around you. In *Drawn on the Way*, Sarah Nisbett shares her techniques for creating captivating line drawings that capture the moments and moods that you encounter on the train, in a café, outdoors, anywhere: a young woman lost in thought, a pair of hands clasped on a lap, a peppy beagle, a pair of jeans-clad crossed legs. Sarah invites you to see the people, animals, places, and objects you draw with compassionate curiosity—as more than a stranger or inanimate object, but as someone or something with a story worth knowing or imagining. Even if you are inexperienced at drawing or don't consider yourself an artist, you can learn how to create sketches from start to finish employing techniques such as contour drawing, using line work to add texture, and adding spot color—and discover how each sketch tells a story. You'll begin to focus on important details that reveal something about the subject you're drawing: the graceful drape of a hand over a purse, the shy way someone tucks their feet underneath them. As you unplug, set aside perfectionism, and explore the world through drawing, you'll learn: How to translate what you see into a compelling drawing How to silence your inner critic and find joy in drawing what captures your interest Techniques for drawing figures and creating quick portraits How to find the emotion in objects by asking questions How to draw scenes and backgrounds without becoming overwhelmed How to quickly and expressively render the natural world, including plants and animals How key

details can take a sketch from plain to captivating Ways to find the extraordinary in the everyday How to transform mistakes into likeable elements Tips for becoming a visual storyteller Life lessons learned from years of live drawing We spend most of our lives on the way, rushing and running from place to place, task to task. When we have a spare minute, we usually reach for our phones and shut everything else out. The techniques, projects, and ideas in *Drawn on the Way* are designed to help you be more mindful about drawing, to capture the people, places, and things you encounter each day. By doing that, you'll connect with humanity in a deeper, more meaningful way—and discover a lot about yourself.

*And Time Folds*, 2018 *And Time Folds*' accompanies a retrospective exhibition of the British photographer Vanessa Winship at the Barbican Art Gallery, London. At once intimate and epic, Winship's black-and-white photographs explore notions of borders, land, memory, desire and history. This volume comprises photographs from seven series, including projects made during a decade living in the region of the Balkans, Turkey and the Caucasus; as well as work made in Georgia, North America and the U.K. Winship has long been concerned with the elusive nature of transience in our landscape and society, and her oeuvre moves sure-footedly between genres reportage, documentary, portraiture and landscape. Alongside her luminous photographs, *And Time Folds* brings together personal archival material that reveals Winship's thought process, working methods, and the importance of the written word, as well as an extensive essay by the renowned photography historian David Chandler, proffering a multi-faceted view of her work and artistic trajectory. Exhibition: Barbican Art Gallery, London, UK (22.06. - 02.09.2018)

*The Hobbit Sketchbook* Alan Lee, 2020-10-06 This richly illustrated book celebrates in words and pictures the beautiful work that award-winning artist Alan Lee produced for J.R.R. Tolkien's *The Hobbit*, and includes dozens of brand-new paintings and pencil drawings exploring the world of Bilbo Baggins. Since *The Hobbit* was first published in 1937, generations of readers have fallen under its spell. That magic was reignited sixty years later when Alan Lee was commissioned to produce a special illustrated edition, and his delicate pencil drawings and beautiful watercolor paintings have become for many the definitive vision of J.R.R. Tolkien's Middle-earth. In this sumptuous, large-format hardback, Alan Lee reveals in pictures and in words how he created these images, which would prove so powerful, matching perfectly with

Tolkien's own vision, that they would eventually define the look of Peter Jackson's film adaptations and earn Alan a coveted Academy Award. The *Hobbit Sketchbook* is filled with more than 100 of Lee's sketches and early conceptual pieces, which reveal how the project progressed from idea to finished art. It also contains a wealth of brand-new full-color paintings and sketches drawn specially for this book, which unlock the secrets of how Alan creates his own magic and provide a fascinating insight into the imagination of the man who breathed new life into Tolkien's vision.
