Wisdom of Saint Malachi and Other Writings on the New World Re-born D'Urbano, Sandro,1994

The Book of Knowledge Roman Harambura,2014-10-24 We all have questions ... Who actually built the pyramids? What happens after we die? Who created crop circles? And why? Nostradamus: the Healer-the Prophet-the Man Cleopatra: the women behind the legend Who actually controls humanity? If Nikola Tesla was so important, why is he so forgotten? What is the purpose of life? But who has the answers? Without a doubt, author Roman Harambura believes, we hold the answers ... within our imagination, the greatest gift of all. The universe, he explains, is filled with life, and human beings are not alone. Earth, our home, is simply one planet in a sky filled with thousands of universes, each with the potential to harbor life beyond our human ability to understand. If we can simply come to accept and embrace the fact that we are just one small part of the inconceivably vast miracle of life across the stars, our own world would change. Imagination, in Harambura's experience, is our greatest gift. In his *The Book of Knowledge: I Am Alien*, he shares an eclectic and thought-provoking array of ideas to inspire, engage, and capture your imagination. As expressed by a being known as Kuntarkis, the hundreds of lessons, insights, and experiences within are intended to instigate your own questions and journey of discovery. Kuntarkis also answers questions submitted by people from all over the world. This book is highly recommended for those who are seeking a broader understanding, not just about their own lives, but life in all aspects.

Nuwaubian Pan-Africanism Emeka C. Anaedozie,2019-12-03 This book examines the contemporary operational and theoretical parameters of Pan-Africanism and black nationalism in the post-civil rights era. It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history, culture, and tradition. The author argues that the Nuwaubian Nation, like their contemporaries such as the Nation of Islam, represents contemporary efforts of African descendants to dialectically and culturally fight oppression. He argues that unlike the classical Back to Africa movements, the contemporary ones do not seek to primarily relocate to Africa, but to go to Africa culturally and bring back Africa to the

diaspora. This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions, mores, and values in their various communities across the United States, especially in Eatonton, Georgia. Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent.

Black Zion Yvonne Patricia Chireau, Nathaniel Deutsch, 2000 This is an exploration of the interaction between African American religions and Jewish traditions, beliefs, and spaces. The collection's argument is that religion is the missing piece of the cultural jigsaw, and black-Jewish relations need the religious roots of their problem illuminated.

Peep Game Adalberto McFarlane, 2009-05 This novel, *Children of Silicon*, explores a slice of your far future. If you had to live and work in this age with robots how would you feel? There is no answer until a multitude of other questions are asked and answered, right? How safe and how intelligent they are come to mind immediately, among many others? However, if at this future time a decades long study had been completed called, 'The Model of the Human Mind', and if a conscious, electronic mind had been forged from their Human Brain Model, not a software driven computer mind, and packaged in a human-like frame, assuming it was safe and of equal intelligence, would this help your comfort level? Would you feel more comfy if you knew it had fully functional genitalia and a full range of emotional responses or would you rather it didn't have any of either? Would you care if it vied for your girl/boyfriend or job, or loan, or home site? If so what hierarchy, limits and restrictions would you impose on this new human? Perhaps your future kin will opt to make them aids or slaves? Do you suppose some of these limits could affect negatively the desired result of building a compassionate human companion or might it become too alien for you to empathize with (i.e., just another mechanical robot a machine!)? If you have thought deeply about these questions you will realize the difficulty your future generations will experience when they face the most sensational and transitional of all future events; the face off between the two human minds, the organic biological human mind and the electronic silicon chip human mind. Read *Children of Silicon* and see if you agree that I've picked a most likely scenario for this precipitous event.

The Nuwaubian Nation Susan Palmer, 2016-12-05 The Nuwaubian Nation takes the reader on a journey into an African-American spiritual movement. The United Nuwaubian Nation has changed shape since its inception in the 1970s, transforming from a Black Hebrew mystery school into a Muslim utopian community in Brooklyn, N.Y.; from an Egyptian theme park into an Amerindian reserve in rural Georgia. This book follows the extraordinary career of Dwight York, who in his teens started out in a New York street gang, but converted to Islam in prison. Emerging as a Black messiah, York

proceeded to break the Paleman's spell of Kingu and to guide his people through a series of racial/religious identities that demanded dramatic changes in costume, gender roles and lifestyle. Dr. York's Blackosophy is analyzed as a new expression of that ancient mystical worldview, Gnosticism. Referring to theories in the sociology of deviance and media studies, the author tracks the escalating hostilities against the group that climaxed in a Waco-style FBI raid on the Nuwaubian compound in 2002. In the ensuing legal process we witness Dr. York's dramatic reversals of fortune; he is now serving a 135-year sentence as his Black Panther lawyer prepares to take his case to the Supreme Court. This book presents fresh and important insights into racialist spirituality and the social control of unconventional religions in America.

Man from Planet Rizq Malachi Zador York,199?

The Wisdom of the Ages Master Kuthumi,2021-07-14 FOREWORD By Rubén Cedeño This teaching was transmitted to Beloved Lady Miriam when she was incarnated on Earth. She is the Divine Complement of El Morya, Master of the First Blue Ray of Divine Will, and Director of the World's Governments. This instruction was part of a training period that Lady Miriam received from the Master of Wisdom Lord Koot Hoomi, who today holds the position of Director of the Second Department of the Spiritual Hierarchy of Shamballa. As "Instructor of the World" or "Christ of the Earth," Lord Koot Hoomi works inspiring and directing the Great Religions and philosophical movements from all over the planet. This valuable instruction is dedicated to unfolding Divine Enlightenment in loyal and devoted students who seriously wish to thresh the Spiritual Experience. It is dispensed so that they can spread it throughout the Earth since this Wisdom was the one that the Ascended Masters used in their moment to free themselves from ignorance and the bondage of the "reincarnation wheel." This teaching will be very useful to those who study it, meditate, reflect and practice it with the constancy and seriousness it deserves. May everyone who reads this book or hears the explanations of His teachings in conferences be blessed with the Love, Peace, and Wisdom of our Beloved Master Koot Hoomi.

The False Teachings of the Man from Planet Rizq Hussain K. Muhammad-Sunjata,2015-09-18 THIS book entails information from the book entitled man from planet Rizq. I have taken the time and energy, and meticulously challenged and debunked this mans information. I have literally taken just about every page that I though was worth challenging and extracted the lies and exposed them to be the best of my ability. The scope of his work was not only about him and his community, but also about freeing the minds of those who came in contact or will come in contact with these pathogenic teachings that seem to have premeated the nation. I also take the time to do Dawah (propagate Islam) towards the end of the book by dispelling myths like did the Vatican create Islam?, The Moon god Myth, did the prophet Muhammad really exist? I also show and prove diligently that this man is not from planet Rizq, He is not from the Sudan, or apart of the Al-Mahdi family. In this work Inshallah (God Willing) the reader will see for themselves the fraud unveiled and that his teachings are a

hodgepodge of Sumerian, Akkadian, Babylonian and Hindu extractions wrapped with a miniscule amount of truth. Inshallah (God Willing) TRUTH HAS COME AND FALSEHOOD MUST VANISH.

Zohar, the Book of Enlightenment Daniel Chanan Matt,1983 This is the first translation with commentary of selections from The Zohar, the major text of the Kabbalah, the Jewish mystical tradition. This work was written in 13th-century Spain by Moses de Leon, a Spanish scholar.

Jesus Found in Egipt Malachi Zador York,2008-06-01 Jusus found in Egipt is one of the long awaited works or Dr York. The secrets within the book were kept sacred from those innocent souls who have been blinded by belief and faith, to keep them under control and available to use to destroy the lives of others. This is all done under the pretence that it is their god's will.

Wisdom Commentary: Zechariah Leslie J. Hoppe, OFM,2024-07-15 The book of Zechariah is one of the more obscure books of the Bible. In this commentary on the life of the prophet Zechariah, Leslie J. Hoppe, OFM, explores the Bible through a feminist lens to help contemporary readers appreciate the work of the sixth century prophet and the editors who collected his words and developed his thought regarding the future of the Jewish people. Hoppe further examines the prophet who spoke to people who were recovering from the total collapse of the religious, political, and social institutions that gave meaning to their communal and individual lives. This commentary also offers insight into Zechariah's belief that the reconstruction of the Jerusalem temple and the reconstitution of its priesthood would open the way for the renewal of Jewish life through a communal life based on ancestral religious traditions.
